

# Assembly Instruction

Bike Rack Economy R30 – Floor mounting

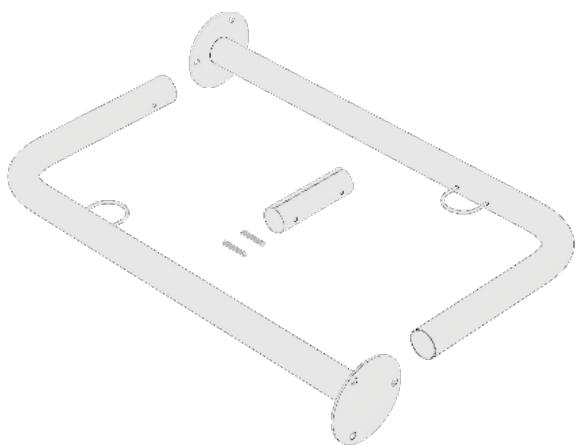

Bike Rack Economy R30 – Set in concrete

Follow these instructions to assemble your bike rack quickly and safely. Ensure all parts and tools are ready before starting.

1

- 2 x Hoop pieces
- 1 x Connector tube
- Screws (included)

2

Place the two U-shaped hoop pieces upright on the ground, with the open ends facing each other.

3

Position the connector tube between the open ends of the hoops. Align the holes of the connector tube with those on each hoop.

4

Insert the screws through the aligned holes on both sides and tighten them securely.
