

OPAL

Contemporary style with durability in mind

High pressure laminate tables paired with aluminium frames allows for a robust and stylish addition to any garden. By finishing the dining range with our Olefin rope, alongside a reclining option on the sofa, the Opal range offers a full package of stylish, premium furniture, with no compromise taken on its flexibility.

By using high pressure laminate to craft our table tops, the Opal range offers a material preferred for commercial use, proving its durability whilst remaining faithful to its contemporary design.
