

Food kept juicy, food kept hydrated

The 6000 TwinTech® No Frost Fridge Freezer, keeps food 60% juicier than fridges with one evaporator. Its dual cooling system maintains the ideal humidity and keeps food from drying out. Which also removes having to defrost the freezer.*

Product Benefits & Features

TwinTech® No Frost - keeps food juicy and hydrated

With TwinTech® No Frost you never have to defrost the freezer. Its dual cooling system keeps food 60% more hydrated than fridges with one evaporator.* By not using dry freezer air, it maintains ideal humidity and keeps food from drying out.

- Automatic defrosting of the freezer compartment
- Automatic defrosting of the cooling compartment
- MultiAir Flow
- Coolmatic function for quickly chilling fresh food
- Freezer drawers: 2 Full Width+1 Half Depth, Transparent Plastic
- Separate controls for freezing and cooling compartment
- Refrigerator lighting: Top Panel. LED

Stable temperatures, with MultiFlow

MultiFlow protects the quality of food by maintaining stable temperature and humidity in the whole fridge. Multiple air channels enable an active circulation of cold air reaching every corner.

Premium design. For premium kitchens

The fridge's sleek, contemporary design will give your kitchen a modern look. An elegant, premium, minimalistic design of the flat door and quality of materials will make this fridge the new centerpiece of your kitchen.

More robust, more stable. With safety glass

For optimum stability and day-in-day-out robustness, all shelves are made of safety glass – the best material to ensure perfect reliability.

Precisely manage ideal environment with humidity controls

The vegetable drawer in this refrigerator is fitted with humidity control purpose-designed vents, enabling you to precisely manage internal humidity levels. The fruits and vegetables are now protected with just the right humidity.
